Paper One

### INSTRUCTIONS

- Answer two questions

#### 1. Read the case study and answer the questions that follow.

##### A CASE STUDY OF MR.OBBO THE ENTREPRENEUR

Mr. Obbo was a very enterprising community member. He was involved in many successful businesses. One of my brothers went to school with him and is now a medical doctor because he studied science subjects.

One time, I asked my elder brothers what his friend Mr. Obbo studied that made him to be a rich man, employed many youth in our village to work in his different enterprises yet still very hard working.

He told me his friend studied entrepreneurship education in his secondary school. I asked him to enlighten me more about that subject because I wanted to have many businesses and be rich like Mr.Obbo. he explained to me that, **Entrepreneurship Education** is the study concerned with providing learners with basic knowledge and skills of creating and operating their own businesses (income generating

activities) successfully, using the available resources to develop themselves and the country in general.

Entrepreneurship Education is a practical subject that develops to solve the problem of unemployment by providing knowledge and skills to students which help them to become job creators or self employed to earn profits out of their businesses. I thanked him and promised that I was going to study entrepreneurship education in my secondary school so that I give jobs to many people and become self sustaining.
