Scenario I

In one of the Christian seminars organised by a local church in Mbale to empower the youths, Mccoy, a guest speaker from the UK faced humiliation when a group of youths marched out of the seminar hall to protest his speech. The guest speaker had annoyed these youths when he told

them to reject their clans for they are not significant at all in the modern world. He went on to criticize some cultural practices practiced by some clans such as circumcision and dancing kadodi calling them satanic. On returning to UK, this guest speaker told his church members that he had never seen people as hostile as Ugandans that live in Mbale.
