ITEM 1: SUMMARY

WHAT ONE SHOULD CONSIDER WHEN TRAVELLING AT NIGHT.

When travelling at night, one should never board a taxi as the only passenger, get a taxi from a recognized stage and avoid those along the way. If you are uncomfortable with a taxi which stops for you, trust your instincts and take another one. Do not flash your money and jewelry and avoid using taxis where most passengers are drunk. Always travel with a friend and alert friends where you are. If the driver is using an unfamiliar route, stop and get out. Make sure there are lights in the taxi if you can avoid moving with valuables and receiving telephone calls. If someone grabs your property, raise an alarm but do not follow. Give the boda-boda rider directions, sit at the back seat of a salon car or close to the door in a minibus and do not concentrate on opening the passenger door if it fails.
